**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,.

I own a small scientific consulting business, and was limited in the past by slow DSL internet connectivity. Now that I have switched to Sonic and have access to state of the art fiber optics I am thrilled!

My speeds have increased more than 5 times! And my monthly costs have DECREASED!!!!

Sonic is clearly an industry leader and all they do should be encouraged.

US competition is what makes us strong!

Think what benefit our entire country would have if all US small business cost savings and technology improvement!!!!

I also have voice through Sonic now. Their costs are superior and their product is better also.

With Comcast I got 10-20 unsolicited business calls every day. What an annoyance! Sonic's technology is great. I now always pick up the phone expecting it is a customer - a call I want to answer!

Sincerely,

Bruce Onisko
